PREFACE

Dear Brothers & Sisters,

At present we need the heaven to enjoy the life without fear, worry and tension. So, the first man on the earth made the weapon to kill the animal to save himself and lead the life by eating animal flesh, after some period the man as a superman with the unlimited thinking power discovered the nature's behavior, planets movements and everything in this universe.

But the human birth is excellent with unlimited thinking power on earth, so with those powers man gone to the moon and came back safely, invented Aeroplan etc. to fly high in the World.

This book presents a view on how to use the planetary positions and astrology as science to give birth to super humans and convert this world a heaven.

THE TRUTH THAT
GRANDPA BELIEVES

My dear Chandu, Where are you ?
I am here grandpa - please come here.

Why are you so dull - What is the matter ?
I don't know grandpa - please tell me something.
O.K. - me as a lucky person, enjoyed my life with hardwork and by doing help to others, but as a unlucky person some times faced so many troubles by doing help to the bad people.

OK Grandpa. Who are "you" in this world ?
I am a conscious being or vital breath with the human body having unlimited thinking power in this universe..

What do you want ?
I want to lead my life with happiness, health & self-satisfaction.

What is the life ?

Experiencing different mental states and physical states such as happiness, sorrow, health and ill health with human body is life. But for the better family life we should look for the soul beauty of the life partner along with education, property, etc. Love is god, Love is great. Doing harm to ourselves is the ignorance, if anybody feels that my body is not ours, along with this world - there is no worry. 7 seas are living as one sea - and as one Family.

But, the people as man or woman - married or unmarried - with children or no children - with sons only or daughters only - different age of deaths - because of different nuclear power connection and disconnection - birth and death happening to the birds, animals, etc. along with people.

What is your duty ?

By doing hardwork - I should know the truth which will give the happiness. I should increase the human personality of the mind.We should know what we need as long as we alive in this world

What is your goal ?

By knowing the life true and getting the result is the goal of the man life - By following the true, distribution of the true is the goal of the human life to everybody - for the soul satisfaction.

What is foundation of the New World ?

Mind concentration with thinking power - Man became as a superman. Once upon a time in the forest - fire was created by rubbing of the two parts of the tree. Then the man found the dead animal in the fire - while eating the dead animal flesh, he found that the boiled flesh was very tasty than unboiled flesh. Then he prayed the Fire is God. And in this way step by step found somany - which will give happy to all the people.
But, even now without Dress, somany people are there in forest of the desert - which is in between of the 7 seas but for them no god was born - will not born.

Howmuch TRUE we should know ?

We should know the TRUE of life - along with the history of the man also.

What is the Man history ?

We came to know with the history - 8 thousand years back man covered his body, with the dry skin of the animals to protect the winter season - We killed the man also along with animals for their happy to god - We made the very early marriages to young ladies - and after death of young lady's husband - we thrownout the young lady also in the fire along with the husband dead body. We spoiled somany family lifes with our ignorancy.

What is the believe ?

Without proof accepting is the believe. One Tiger cannot kill the 10 Tigers. But one man can kill the people of 1 Crore. So, such the dangerous situation to avoid believe was created with the love affection of the people. Once upon the time, man believed the weapon, fire, tree, hills, etc. as the god. But now accepting the statue. Onceupon the day the innocent peopl

leader gone to the highest hill on the horse and after came back told to the innocent people that I talked with the god. Then, innocent people are believed, the same. So, believe is very necessary to the man for the peaceful life.

By Rebirth as a man is good or bad ?

If the opportunity is in our hands - we should born as a man to lead the life with healthy, happy, with soul satisfaction by doing help to others with love affection. As a man birth is very excellent opportunity in this world.

Who can change the Fate ?

Doctors can change the fate, with the science - as the superpower.

What is superpower ?

Telling the true of unknown power without astrology.

What is the Astrology ?

Telling 9 planets power is the Astrology. - 2500 years back Astrology pandits told with the birth time planets position of the child - in future this child will become as the superpower of the world. **Lord Gowtham Buddha.**

What is the planet ?

Planet is with the unknown, highlevel Nuclear Superpower - just like a Foot Ball filled with the air.

Planet connection with Humanlife - How it is possible ?

Rocket is on the planet, but on the earth remote is directing the Rocket. Like this the 9 planets are directing the humanlife - Man walking on the Earth with magnetic power of the earth. But on the moon cannot walk. Because moon is not having sufficient magnetic power. Like that 9 planets different powers found the scientists - as Maharshi. Scientist is became as the

high level god of the Human World. The Frog was created by the Rockpower - the iceball was created by cool air of Refrigerater in the house. Fish, etc was created by power of water - Lighting of the Sun is directing the sunflower which are giving the sunflower oil. Every nuclear got some kind of power in the universe. So, the earth is getting the rounds by universal power.

So now what is our Duty ?

We should make this world as the heaven. - Science found that the universe was formed some lakhs of crores of years back. But earth was formed 420 crores of the years back - but on the earth man as the superpower man gave the somany facilities to enjoy all the people. So far we are feeling that our fate was given by the god. But, hereafter our babies should feel that our fate was given by the parents to lead the life as the heaven. So, now with the science by operation we are getting one or two - male or female - as we like. And now the man is giving the heaven to the family by operation at particular time, good health to the mother and good luck to the baby. But know we should get all our babies, as good lucky babies to make this world as the heaven.

How can we get - all the Good lucky babies ?

Now the pandits are before fixing the particular time for marriages, etc. So now pandits can fix the particular opeation time to the pregnant lady and to get the goodlukcy baby. To make this world as Heaven.- If all people believe planets and follows, the world will become as the Heaven.

How can we get the knowledge of Astrology ?
